Great variations in style

The Result range for men offers some great variations in style from city chic to casual outdoor. Each product is manufactured to the highest standard and carefully designed to guarantee optimum performance and reliability. So if you really care about what you wear and dressing sharply for work or more relaxed for your favourite outdoor pursuit, Result will deliver.

The R194M Snow Bird Hooded Jacket is a luxurious super lightweight water repellent and windproof down feel jacket that thrives in cold weather conditions, performs both on the hills and around the town. The hand filled polyester fibre filling and the integral adjustable hood delivers impressive overall upper body warmth. It also packs down to a super compact size, an important feature when travelling through varying temperatures. The wearer will also benefit from a number of other features that make this highly fashionable, contemporary fit jacket a joy to wear.

The R230M TX Performance Hooded Soft Shell Jacket is a versatile water repellent, breathable and windproof hooded soft shell jacket that perfectly blends performance with style. The soft, high stretch TX Performance three layer soft shell fabric delivers supreme comfort and the microfleece inner provides great warmth, the perfect combination for any outdoor experience. The multi functional detachable hood also offers the wearer that much needed protection against unpredictable weather conditions.

The R220M CORE Fashion Fit Outdoor Fleece features everything you could possibly want from a simple, easy to wear fashionable outdoor fleece. The luxurious soft feel fleece offers great warmth without weight. Features include an adjustable shockcord hem, set in sleeves, zip pockets, double stitch detailing and elasticated cuffs.
