The marathon period begins very soon. Participants don't need only medals and trophies, they also need on top a good shirt for feeling comfortable to reach the finish line.

Promodoro Performance t-shirt made of 100% polyester and 125g/m is the ideally shirt for the high demands of a marathon

This shirt is available for men and women in 8 colours, remarkably bright and beaming are the 4 flashy neon colours safety yellow, knockout pink, atomic blue and green gecko.

Of course is the performance t is also available in basic colours such as white, black, light grey and navy. This shirt provides optimal characteristics for the printing and is therefore a very good advertising medium. Colour white is even highly suitable for the sublimation printing. Its special features such as quick dry, absorbent, snag resistance, anti pilling finishing and UV protection offers the highest quality and wearing comfort.

This shirt fits not only for sports and work activities; it also fits for everyday activities.
